Software Developer skilled in Java, Spring Boot, .NET, Angular, REST APIs, and PostgreSQL with hands-on experience in full-stack application development. Strong foundation in Data Structures, OOP, DBMS, and secure scalable web applications with practical industry internship experience.

Technical Skills

Languages: Java, C++, C#, C, SQL, HTML, CSS

Frameworks & Technologies: Spring Boot, Spring MVC, Spring Security, Hibernate, .NET, Angular, REST API, JDBC, JSP, Servlets, JWT

Tools: Git, Github, Maven, Postman, VS Code, Eclipse (STS), Android Studio, MySQL, PostgreSQL

Core Concepts: Data Structures & Algorithms, OOP, DBMS, MVC Architecture, CRUD Operations, API Integration, Unit Testing, Collections Framework, Java 8, Multithreading, Exception Handling

Professional Experience

Java Developer | Kody Technolab Pvt. Ltd., Ahmedabad

May 2025 – Nov 2025

- Developed an automated exam generator reducing manual effort by 70% for exam creation workflows.
- Built and maintained RESTful APIs using Java and Spring Boot following software engineering best practices.
- Worked with PostgreSQL and time-series databases for large-scale data handling and analysis.
- Tested and validated APIs using Postman with JSON data mapping and integration.

Full Stack .NET Developer Trainee | LTM, Mumbai

Jan 2026 – Apr 2026

- Developed full-stack applications using .NET and Angular with scalable architecture practices.
- Implemented REST APIs, authentication modules, and responsive UI components.
- Gained hands-on experience in secure application development and frontend-backend integration.

Selected Projects

Healthcare Portal- Full stack Java web application(Java, Spring Boot, REST API, PostgreSQL, Spring Security)

Aug 2025

- Built a healthcare web application with appointment booking and role-based access.
- Developed modules for health workers, residents, and admin management.
- Implemented CRUD functionalities and backend database integration.
- Project Link: <https://github.com/guptamahima73/HealthCarePortal>

Pro Tech Suite – Project Management System(.NET, Angular, JWT Authentication)

Mar 2026

- Built a centralized project management platform with role-based access control and secure login system.
- Implemented document submission, CAPTCHA validation, pagination, and HTTP interceptors.
- Developed responsive UI with optimized navigation and user experience.

Education

- Medicaps University, Indore- Bachelor of Technology in Computer Science Engineering (AI/ML) | CGPA: 8.1/10 | 2021 – 2025
- B.C.G Public Higher Secondary School, Indore- Class XII (PCM) | 84% | 2021
- Holy Trinity School, Dewas- Class X | 71.2% | 2019
